**Student Application for Field Placement**  
**2005-2006**

The Social Work Field Experience is required for senior social work majors. The field placement and the field seminar, taken concurrently, are designed to provide students with an opportunity to observe and participate in direct service delivery at the micro, mezzo and macro levels of practice. The field practicum also provides the student with an opportunity to apply new social work concepts, values and methods while participating in generalist practice with clients and/or client systems. The field practicum consists of 240 clock hours each semester of the student's senior year, for a total of 480 clock hours. This requirement meets the Council on Social Work Education's (CSWE) requirement for field placement.
